

Re: Medical Alert Options

Thank you again for your continued interest in BSG and allowing us the opportunity to provide a Medical Alert for your loved one.

We have two types of medical alert or you to choose from:

1. **Stationary Medical Alert – With Daily Health Monitoring Modules**
2. **Mobile Medical Alert – With GPS Tracking.**

The unit you choose will be heavily dependent on the mobility and independence of the user.

Please have a review at your convenience, and as always, please feel free to contact me directly at 707-6125 with any questions or concerns.

1. **BSG's – Anelto Home Assure**

The Anelto Home Assure is designed for the user who is looking for piece of mind with active monitoring of their health daily. Comprised of wearable and stationary location and additional health monitoring devices for monitoring and providing peace of mind for care givers, seniors and others needing assistance in everyday and emergency situations.

- Plug and play 4G cellular communications device.
- 2-way cellular hub with enhanced audio capability for easy to hear voice prompts, crisp speaker output and adjustable microphone sensitivity
- Separate Blue Voice Button for Voice reminders from call centre, friends, and family.
- Integration with key medical FDA approve diagnostic equipment
- RemoteCare 24/7 App - Mobile platform that links friend's family, caregivers, and healthcare professionals to patients via HomeAssure and iOnMom's powerful remote patient monitoring (RPM) capabilities. It provides a real-time view of the patient for caregivers.

EQUIPMENT

- *Anelto Communication Unit*

- *Anelto Mobile Communication Unit*
- *Anelto Mobile Lanyard*

The Total cost of your Mobile Medical Alert System will be:

BMD\$ 576.00

The Monitoring for this system will be:

BMD\$ 360.00 Annually

2. BSG's - Mobile Medical Alert System

The Anelto Mobile Medical alert is designed for the senior who still enjoys their independence. Comprised of wearable and stationary location and environmental sensors, for monitoring and providing peace of mind for care givers, seniors and others needing assistance in everyday and emergency situations.

In the event of an activation, ***you will never be alone***. The user can communicate directly with our central station, giving critical location and status information. Once the device has registered with our central station, the caretaker can then access the wearers GPS location, as well as an immediate contact from our station.

COLLECTION POLICY

Contractual payments are aligned with Bermuda Security Group's (BSG's) outgoing financial obligations to secure the products involved with your projects.

A non-refundable 50% deposit and a signed copy of this final proposal & BSG's contract terms are required to place this order.

These billing procedures do not change should there be any on-site situations, which are not part of BSG's scope of work, which may delay your project handover.

Payment is due upon receipt of invoice. If payment is not made in a timely manner, or should your account become delinquent, it is agreed that _____ will pay a three quarter of a percent (0.75%) finance and administration charge per month, to be calculated from the original invoice date and billable once the account has gone ninety days past due. All agency and legal fees associated with an attempt to recover overdue account will be the responsibility _____.

BSG reserves the right to suspend credit on overdue accounts and any account may be closed at BSG's discretion. BSG also reserves the right to remove any equipment and products installed y the company should the client refuse to settle any outstanding financial obligations.

If you have any questions or need more information concerning the proposal, please do not hesitate to contact me directly on 707- 6125 or rmallory@bsg.bm.
